

**The VI International Scientific-Technical Conference
"Water Supply and Wastewater Disposal Designing,
Construction, Operation and Monitoring"**

15-17th October 2025 p.
Lviv – 2025

The conference is devoted to current issues in the field of water supply and sanitation, as well as water treatment, wastewater treatment and sludge treatment. Its aim is also to promote the development of cooperation between universities, research institutions and industrial enterprises, as well as to find solutions for the integration of international science, education and business.

CONFERENCE ORGANIZERS

- Lviv Polytechnic National University, Lviv, Ukraine.
- Lublin University of Technology, Lublin, Poland.

CONFERENCE TOPICS

- Water supply and wastewater networks.
- Water purification, wastewater and sludge treatment.
- Economy of water and wastewater management.
- Influence of elements of water and wastewater management systems on the natural environment.

IMPORTANT DATES

Registration, abstract and article submission to conference material and scanned copy of organization fee payment – **before 01.10.2025**

INFORMATION FOR THE PARTICIPANTS

Registration of conference members will be held in Assembly hall of the main building of the University (Stepana Bandery str., 12)

- Beginning of identification **15.10.2025 at 9-00**
- Conference opening **15.10.2025 at 10-00**

You can go to Lviv Polytechnic National University from Railway station – tram №1, «Polytechnic University» stop.

The international scientific and technical conference will be held in a mixed mode. All participants who wish to give a presentation (remote participation) will receive a link one week before the conference.

As part of the conference, a ceremonial opening of the **UNESCO Department on "Sustainable Water and Waste Management"** will take place. The Chair was established at Lviv Polytechnic National University in 2025.

Before the start of the conference, it is planned to publish the abstracts, which will be available on its official [website](#). In addition, a collective monograph with an assigned ISBN and DOI is planned for publication. This monograph may include articles from all participants whose submissions successfully pass the peer-review process. Based on the results of the conference, selected articles may also be recommended for publication in scientific journals:

[Environmental Problems](#) (SCOPUS) or
[Ecological Engineering and Environmental Technology](#) (SCOPUS)
or [Journal of Ecological Engineering](#) (SCOPUS, WOS) or
[Key Engineering Materials](#) (SCOPUS)

after preliminary analysis and sending recommendations for changes or corrections to the authors in accordance with the editorial policy of these journals. Requirements for publications and terms of their submission, as well as the registration form are available on the conference [website](#).

REGISTRATION

Registration to attend the conference is mandatory. You must access the link to the registration card in Google Forms: <https://forms.gle/yrodA99CEdyBLVmW8>

ORGANISATION FEE

The organization fee for a full-time participant is 40 EUR/USD, for a remote or correspondence participant is 20 EUR/USD, and includes:

- receiving information materials (for personal participation);
- publication of conference material in abstracts of conference reports;
- organization expenses of the committee;
- publication of the article in a collective monograph with ISBN and DOI assignment;
- publication of an article in the journal Environmental Problems (SCOPUS).

The cost of the organization does not include living in Lviv city, food costs, excursion costs, the cost of publication in journals included in scientific and metric databases.

PAYMENT FORM

The payment should be transferred to the current account dvnata81@gmail.com in the PayPal system with the message "For participation in the conference".

COMMITTEE ADDRESS

*Lviv Polytechnic National University,
Department of Ecology and Sustainable Environmental Management,
Lviv city, 79012, 3/4 St. Yura square, Building 8, Room 122*
